

Car Jacking Ploy

This applies to both women and men beware of paper on the back window of your vehicle-- a new way to do carjackings and not a joke!

You walk across the car park, unlock your car and get inside. You start the engine put it into reverse.

When you look into the rear-view mirror to back out of your space, you notice a piece of paper stuck to the middle of the rear window. So, you stop and jump out of your car to remove that paper (or whatever it is) that is obstructing your view.

When you reach the back of your car the carjackers appear out of nowhere, jump into your car and take off. They practically run you over as they speed off in your car.

And guess what, ladies? I bet your purse is still in the car. So now the carjacker has your car, your home address, your money, and your keys. Your home and your whole identity are now compromised!

BEWARE OF THIS NEW SCHEME THAT IS NOW BEING USED

If you see a piece of paper stuck to your back window, lock your doors and just drive away. Remove the paper later. A purse contains all kinds of personal information and identification documents, and you certainly do NOT want this to fall into the wrong hands.
